PREFACE

Statistical Abstract of Andhra Pradesh 1992 is the 35th publication in the series, which contains data on various sectors of State Economy for the year 1992 along with comparative figures for the preceding years.

It is hoped that this publication would serve as a useful reference book to the General Public, Planners, Researchers, Bankers, Administrators and a host of others.

I thank all Heads of Departments in the State, Central Government and other organisations who have extended their Co-operation in furnishing the required data.

Constructive suggestions for improvement in the presentation and coverage of the Statistical Abstract would be appreciated.

Note:- As per approved method of valuation, the closing stock of coal, has been changed on par with Coal India Limited w.e. f.31-3-1985. Where ever variation between volumetrically verified coal stocks and book stocks at Divisions are more than 5% the volumeterically verified stock balances are adopted as book stocks, otherwise Coal stock as per books are continued. Therefore the figures of opening and closing stock do not tally as per the above method.
